Auditor's Report

To the Shareholders of M.I. Cement Factory Limited

We have audited the accompanying Balance Sheet of M.I. Cement Factory Limited as of 30 June 2009 and the related Profit and Loss Account, Statement of Changes in Equity and Cash Flow Statement for the year then ended. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we plen and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above which have been prepared in accordance with Bangladesh Accounting Standards (BAS) give a true and fair view of the state of the company's affairs as of 30 June 2009 and of the results of its operations and its cash flows for the year then ended and comply with the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations.

We also report that:

- our examination and checking of records, relevant books of accounts, registers, schedules and financial statements were sufficient to enable us to form an informed and assessed opinion on the authenticity and accuracy of the financial statements;
- (b) we have obtained all the information, explanations and documents as required by us;
- the company's management has followed relevant provisions of laws and rules in managing the affairs of the company. Proper books of accounts, records and other statutory books have been properly maintained;
- (d) the Balance Sheet and Profit and Loss Account are in agreement with the said books of account maintained by the company and examined by us; and
- the expenditure incurred and payments made were for the purpose of the company's business for the year.

Dhaka,

Notes to the Financial Statements For the year ended 30 June 2009

1. Corporate history of reporting entity

The foundation stone of the M.I. Cement factory Ltd. was laid down on 11 December, 1998. The plant, equipped with the world famous O'Sepa Separator, initially went into operation with the daily production capacity of 600 metric tons in 2000 and marketed its product with the brand name "Crown Cement". From the very beginning, it has maintained an uncompromising policy of producing high quality cement. As a result, it has gained huge popularity in the market. Due to increase of demand, the company has set up its second unit with the production capacity of 800 metric tons per day in 2002 and third unit with capacity of 1400 tons per day in 2007.

Gradually with the increase of demand the management undertook further expansion program for 4th unit of the plant there by raising the total production capacity to 5800 metric tons per day. The 4th unit expansion would be completed in 2011.

The registered office of the company is situated at West Mukterpur, Munshigonj and the operational head quarter is at Sena Kallyan Bhaban, (19th floor), 195, Motijheel C/A, Dhaka-1000.

2. Nature of Activities

The principal activities of the company through-out the year continued to be manufacturing and marketing of Ordinary Portland Cement and Portland Composite Cement,

3. Summary of significant accounting and valuation policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless other wise stated. The specific Accounting Policies selected and applied by the company's management for significant transactions and events that have a material effect within the framework of BAS-1 "Presentation of Financial Statements" in preparation and presentation of financial statements. Compared to the previous year, there were no significant changes in the accounting and valuation principles affecting the financial position and performance of the company. Accounting and valuation methods are disclosed for reasons of clarity.

3.1 Basis of preparation of the financial statements

(a) Accounting Standards

The financial statements of the company have been prepared in accordance with Bangladesh Accounting Standards (BAS) and Bangladesh Financial Reporting Standards (BFRS).

(b) Accounting Convention

The financial statements are prepared under the historical cost convention. The company classified the expenses using the function of expenses method as per BAS-1

(c) Legal compliance

The financial statements have been prepared and the disclosures of information made in accordance with the requirements of the Companies Act 1994, The Securities and Exchange Rules, 1987, BAS, s and BFRSs. On the basis of these regulations, Bangladesh Accounting Standards (BAS) & Bangladesh Financial Reporting Standards (BFRS) were applied with the applicable standards at the balance sheet date.

(d) Critical accounting estimates, assumptions and judgments

The preparation of the financial statements in conformity with BFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the company's accounting policies.

(e) Application of standards

The following BASs and BFRS are applicable for the financial statements of the company for the year under audit:

- BAS 1 Presentation of Financial Statements
- BAS 2 Inventories
- BAS 7 Cash Flow Statements
- BAS 8 Accounting policies, Changes in Accounting Estimates and Errors
- BAS 10 Event after the Balance sheet date
- BAS 16 Property, Plant and Equipments
- BAS 18 Revenue
- BAS 19 Employee Benefits
- BAS 21 The effects of Changes in Foreign Exchange Rates
- BAS 23 Borrowing Costs
- BAS 24 Related Party Disclosures
- BAS 33 Earning Per Share
- BAS 37 Provisions, contingent Liabilities and Assets
- BAS 38 Intangible Assets.

The related BFRSs are also complied for the preparation of this financial statements.

3.2 Foreign currency translation

Foreign currency transactions are recorded at the applicable rates of exchange ruling at the transaction date in accordance with BAS 21 "The Effects of Changes in Foreign Exchange Rates'. Foreign currency transactions are translated at the exchange rate ruling on the date of transaction. Foreign currency monetary assets and liabilities at the balance sheet date are translated at the rates prevailing on that date. Exchange differences at the balance sheet date are charged / credited to the profit and loss account, to the extent that this treatment does not contradict with the Schedule IX of The Companies Act 1994.

3.3 Property, Plant and Equipment

Tangible fixed assets are accounted for according to BAS 16 (Property, Plant and Equipment) at historical cost less cumulative depreciation and the capital work-in-progress is started at cost. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent cost are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Land is not depreciated. Depreciation on other assets is calculated using the reducing balance method to allocate their cost over their estimated useful lives. In respect of addition of fixed assets, depreciation is charged from the month of addition. No depreciation is charged in the month of disposal. Rates of depreciation are as under.

Category of assets	Rate depreciation (%)
Buildings	5%
Plant and machinery	10%
Furniture and equipment	10% to 20%
Transport and vehicles	10 to 15%
Other assets	10% -20%

3.4 Inventories

Inventories are valued in accordance with BAS 2 (inventories) at the lower of cost and net realizable value. The cost of finished goods comprises raw materials, direct labour, other direct and related production overheads (based on normal capacity) and production related depreciation. It excludes borrowing costs. Nets realizable value is based on estimated selling price in the ordinary course of business less any further costs expected to be incurred to make the sale.

3.5 Trade and other receivables

Trade account receivables are carried at original invoice amount all the receivables are considered to good and realisable.

3.6 Cash and cash equivalents

It includes cash in hand, bank deposit and other short term highly liquid investments with original maturities of three months were held and available for use by the company without any restriction, and there is insignificant risk of changes in value of these current assets.

3.7 Borrowings

Borrowing costs are classified into both current and non-current liabilities. Moreover, in compliance with the requirements of BAS 23 (Borrowing Costs), interest and other costs incurred by the company in connection with the borrowing of funds are recognized as an expense in the period in which they are incurred.

3.8 Employee benefits

(a) Provident fund

The company operates a contributory provident fund for its permanent employees, provision for which is being made monthly as per the rules. The fund is under process of getting recognition from the National Board of Revenue (NBR). The fund is administered by a Board of Trustees and funded by contribution partly from the employees and partly from the company at predetermined rate. Separate accounts are maintained for this fund.

(b) Group insurance benefit

The permanent employees of the company are covered under a Group Insurance Scheme premium for which is being charged to profit and loss account.

3.9 Liabilities

Liabilities are classified into current and non-current.

(a) Trade and other payables

Liabilities are recorded at the amount payable for settlement in respect of goods and services received by the company.

(b) Provisions

Provisions are liabilities of uncertain timings or amount. Provisions are recognized when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be repaid to settle the obligation, and a reliable estimate of the amount of the obligation can be made.

Provisions for employee benefits and similar other fiabilities are determined in accordance with BAS 19 and BAS 26. All remaining provisions are recognized by making the best estimate of the amounts in accordance with BAS 37 (Provisions, Contingent Liabilities and Contingent assets).

3.10 Contingent liabilities and assets

Contingent liabilities and assets are current or possible obligations or assets, arising from past events and whose existence is due to the occurrence or non-occurrence of one or more uncertain future events which are not within the control of the company. In accordance with BAS 37, they are disclosed in the notes to the financial statements.

3.11 Revenue recognition

- a. The company recognizes sales when products are invoiced and dispatched to the buyers.
- b. Interest income on bank deposits and short-term investments is recognized on accrual basis.
- Other income is recognized on accrual basis.

3.12 Advertising and promotional expenses

All costs associated with advertising and promotional activities are charged out in the year in which they are incurred.

3.13 Repair, upkeep and maintenance expenses

These are usually charged out as revenue expenses.

3.14 Allocation of depreciation

Depreciation is allocated on the basis of utilization of assets by the function of the company.

3.15 Income tax

(a) Provision for current year tax

Provision is made at the ruling rate of tax applied on "taxable profit".

(b) Provision for Deferred Tax

Deferred tax is recognized using the balance sheet method. Deferred tax arises due to temporary difference deductible or taxable for the events or transaction is recognized in the income statement. A temporary difference is the difference between the tax base of an asset or liability and its carrying amount/reported amount in the balance sheet. Deferred tax assets or liability is the amount of income tax recoverable or payable in future period(s) recognized in the current period. The deferred tax liability/expense does not create a legal liability/recoverability to and from the income tax authority.

3.16 Cash flow statement

Cash Flow Statement is prepared principally in accordance with BAS-7 (Cash Flow Statement) and the cash flow from operating activities have been presented under direct method.

3.17 Earning per share

The company calculates Earning Per Share (EPS) in accordance with BAS-33: Earning Per Share, which has been shown at the bottom of The Profit and Loss Account and the computation of EPS is stated in note # 22.

Basic earnings

This represents earnings for the period attributable to the ordinary shareholders. As there was no preference dividend, minority interest or extra ordinary items, the net profit for the year has been considered as fully attributable to ordinary shareholders. Basic earnings per share has been calculated by dividing the net profit or loss by the number of ordinary shares outstanding during the year. Computation of number of ordinary shares are required as number of shares outstanding has been changed during the year.

3.18 Event after Balance Sheet date

All material events occurring after the balance sheet date are considered and where necessary, adjusted or disclosed.

3.19 General

- Figures have been rounded off to the nearest Taka.
- Previous year's figures have been rearranged wherever considered necessary to conform to the current year's presentation.
